

When you are driving on the highways, you see warning signs "**Stop**", "**Caution**", and "**Construction Work Ahead**". These messages warn you of dangers on the road ahead.

Your workplace also has potential dangers, but if you aware of the **Warning Label & Hazard Symbols**, you will be able to stay on the safety highway without an accident.

### **Occupational Safety and Health Act 1994 (OSHA 1994)**

Occupational Safety and Health (Classification, Packaging and Labelling of Hazardous Chemicals) Regulations 1997 [P.U. (A) 143]

These Regulations shall apply to a [supplier](#) of hazardous chemicals for use at work. To classify hazardous chemicals according to the specific nature of the risk involved based on the categories of hazards in **Schedule 1**.

### **Part A: Based on physicochemical properties**

	Symbol		Symbol		
Mudah Meletup (Explosive)		Pengoksidaan (Oxidising)			
Amat Mudah Terbakar (Extremely Flammable)		Sangat Mudah Terbakar (Highly Flammable)		Mudah Terbakar (Flammable)	

**Part B: Based on health effect**

Sangat Toksik (Very Toxic)		Toksik (Toxic)		
Memudaratkan (Harmful)		Merengsa (Irritant)		Mengakis (Corrosive)
				

**Example of Warning Label**

**Ensure that every individual packaging of incoming chemicals is pasted up with this WARNING LABEL in both English & Bahasa Malaysia for special precautions.**
